attending companies that covered the entire plastics and rubber production chain: from raw materials producers to semi- and finished products manufacturers, from machinery/equipment/moulds makers to services providers.

Official country participations were organized by: Austria (14 exhibitors within the national pavilion), China (80), Germany (65), Italy (39). The German and the Italian pavilions (previously exhibiting in Hall 1) were allocated in Hall 2, starting from 2017.

INTERPLASTICA 2019 hosted the satellite show 3D fab+print Russia, devoted to additive manufacturing and 3D printing.

The organizer confirmed that 24,950 visitors (24,900 in 2018, 23,000 in 2017, 20,900 in 2016) attended the exhibition, coming mainly from Russia and the neighboring Republics.

Next INTERPLASTICA will take place from January 28 to 31, 2020.
